

Weekly Update

Thursday, October 27, 2022

Hi Massimo,

Another AFCC online training program coming this winter! Join AFCC for a newly expanded 12-hour online training program for family law, mental health, and dispute resolution professionals.

[Advanced Issues for Family Law and Dispute Resolution Professionals](#)

January 17- 19, 2023

This program addresses the challenges often associated with the most intractable family disputes, including intimate partner violence, parent-child contact problems (including parental alienation) and forgiveness interventions, child interviews, child abuse/neglect, and substance use/misuse. The program includes new content, and updates to familiar topics.

Presenters will examine how to address difficult challenges, including: the dynamics of intimate partner violence in parenting time disputes; the continuum for parent-child contact problems (including affinity, alignment, realistic estrangement, and parental alienation); effectively integrating child interviews and the voice of the child; and providing virtual services in a variety of contexts. Presenters will share the latest and most relevant research, while examining the many controversies related to these issues from multiple perspectives.

[Training Team:](#)

- Chioma Ajoku, JD, PhD, ABPP
- Mindy F. Mitnick, EdM, MA
- John A. Moran, PhD
- Stephanie Tabashneck, PsyD, JD
- Nancy Ver Steegh, JD

[The Fundamentals of Parenting Coordination](#)

December 5-8, 2022

Interested in parenting coordination (PC)? This extensive parenting coordination training is based on the 2019 AFCC Guidelines for Parenting Coordination and the Recommendations for

Comprehensive Training of Parenting Coordinators. This program will include a comprehensive overview of the parenting coordination process, including definition of the role, responsibilities, and function of the parenting coordinator; an overview of family dynamics; specific PC strategies, techniques, and interventions; implications of intimate partner violence; cultural considerations; ethical issues; and use of technology.
